

Enrollment In Minidoka Totals 4,768

RUPERT, Sept. 3—Schools in Minidoka county opened Monday with a record enrollment, according to school officials.

Total enrollment in the county is 4,768, with enrollment at Minidoka high school, 457; last year's figures show a total of 4,032 students enrolled at the beginning of the school year.

Acacia elementary school, grades one through six, has an enrollment total of 209; Idaho enrollment grades one through eight, is 677; Lincoln school, grades four through six, with an additional special education class enrolling 12, is 310; Memorial elementary school, grades one through three, has 310 students enrolled.

Paul, grades one through eight, 228; Pocatello, 222, including a special education class with eight enrolled; Pioneer, grades one through six, 170; Washington junior high school, enrolling seventh and eighth grade students, totals 464, and Minidoka high school shows a total enrollment of 1,347 grades nine through 12.

Not much personnel in the county includes Acacia—Dotti Hatch, manager; Doris Franklin, Nellie Stroud and Laura Wadsworth; Newbern—Sally Morris, manager; Prinda Every, Nancy Allen, Hulda Korda, Clara Schaffer, Eileen Bailey and LaPrie Stoddard; Lincoln—Gloria Shy, manager; Ida Hollinger, Alvina Prachtz, Esther Zimmerman, Anna Mae Bonke and Ida Lynn Tupis.

Memorial Elementary school—Mary Ostegar, manager; Goidis Dean and Ellen Jensen; Minidoka high school—Shirley Paoli, manager; Delta Graeber, Emma McCall, Olive Jordan, Margaret Schurman, Joyce Boatwright and Dora Ferro.

Paul—Katherine Payne, manager; Sophie Freeman, Irene Hamilton, Ellie Mae Mai, Katherine Sprbler, Dottie Tanner and Dorothy Watson.

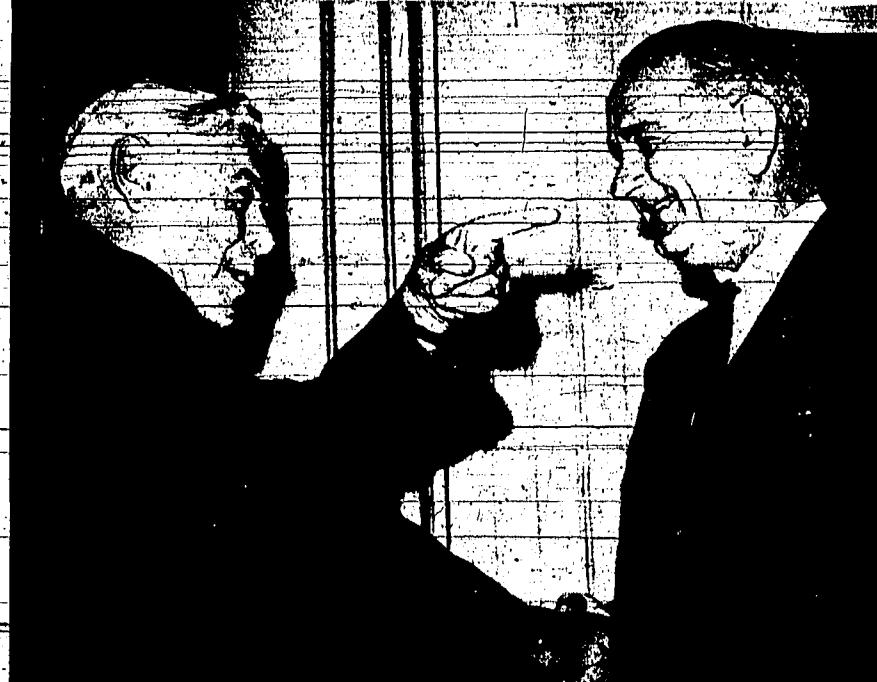

Burns—Kate Walker, manager; Shirley Hendrickson, Lillian Anderson, Pioneer—Dorothy Smith, manager; and Cordie Benedict.

Chalk will be dismissed Sept. 7 for Labor day in all schools in the district.

Youth Cited

RICHFIELD, Sept. 2—John Lezamis, 12, was cited for driving without a license by Village Marshal Theo B. Brush. The youth, accompanied by an older sister, was driving his father's Chevrolet pickup truck.

His father, Sid Lezamis, West Richfield, was required to drive the vehicle home and the youth was to appear this week in the Juvenile court of Probate Judge Claude Wilson.

ANOTHER VOTE! President David J. McDonald of the Steelworkers union tells President Johnson, "There is a Republican you just picked up" as he points out Lee Minton, president of

the Glass Bottles Workers Association, Tuesday at a White House reception. The occasion was a visit of AFL-CIO leaders to tell Johnson they are backing him for election. (AP wirephoto)

Young Men Confined to Bed for Month Get up With One Big Desire, Exercise

LOS ANGELES, Sept. 2 (UPI)—Fourteen healthy young men confined to bed for a month in a space-plane study got up with one overwhelming desire: exercise.

Female companionship was second on the list.

Operation Sacktime, concluded yesterday at the University of Southern California, also turned up these findings:

1. There are no physical problems likely to arise from long confinement in space cabin or from high gravity stresses during atmospheric re-entry that can't be met with proper exercise.

2. The same exercises would be valuable in rehabilitation of patients hospitalized for long periods by injury or disease.

When Steve Eidekson, 19, ended four weeks of supervised bed rest in a campus residence, he admitted he had "one real craving."

"I have got to get up and move around," he told newsmen.

"I feel like running until I'm out of breath."

"Well, girls, of course," he said. "I'm going to call my girl first thing and see if she still remembers me."

His reaction was typical of the 14 student guinea pigs tested for tolerance of space flight conditions in a project sponsored by the national aeronautics and space administration.

Dr. John P. Meachen, who headed the study, said the boys experienced some slight dizziness when they first stood up and again after getting out of a

simulated astronaut couch, which is inclined to the end of a swiftly rotating arm in USC's centrifuge building.

Immediately after getting up, they were required to ride the centrifuge to duplicate conditions spacemen experience in plunging back to Earth after long periods in cramped capsules.

They were subjected to forced eight times normal gravity.

Dr. Meachen plans to check the men periodically over the next 30 days but first indications are that they suffered no ill effects and were able to do mental and physical tasks on the centrifuge as well as they could before the long stay in bed.

Takes Position

FAIRFIELD, Sept. 2—Mrs. Gerhard (Carol Packham) Schill has accepted a position on the faculty of Clayton Junior high school, Salt Lake City. Mrs. Schill is the daughter of Mr. and Mrs. J. Earl Packham of Fairfield.

She was graduated Aug. 24 cum laude with high honors from Brigham Young university where she majored in English and minored in Spanish. She is a 1950 graduate of Camas county high school.

It's quite possible there will be a let-up," Holbrook said. "Our strength is being reduced considerably, but our costs were reduced considerably, but we stay prepared anyway, even though it's been a mild fire season."

The BLM handled only 80 fires in southern Idaho this year compared to a yearly average from 180-200. The Boise district of the BLM lost 10,000 acres to fire this year, against 100,000 acres last year," according to BLM fire control officer Bud Holbrook.

"It's quite possible there will be a let-up," Holbrook said. "Our strength is being reduced considerably, but our costs were reduced considerably, but we stay prepared anyway, even though it's been a mild fire season."

1. There are no physical problems likely to arise from long confinement in space cabin or from high gravity stresses during atmospheric re-entry that can't be met with proper exercise.

NATIONAL
WHIRLIGIG

By ANDREW TULLY

WASHINGTON, Sept. 2 — Well now, Mrs. Balderdash, I am not too sure the country does owe Hobby Kennedy a political living. He has been a top-notch attorney general who always worked overtime for the taxpayers, but it says here that does not qualify him to commit carpet-bagging. There can be little doubt that Kennedy is a possible Democratic candidate for the Vice Presidency from New York. Because of its jungle-like intrigue, the New York party has produced only political piggies during the past decade, excluding New York's able Bob Wagner, and it needed a big name badly. In politics, which are seldom operated under the rules governing 4-H club bag tossings, the idea is to win.

STRANGER IN TOWN—Nevertheless, I feel entitled to rag a little over the Kennedy invasion. It doesn't sound quite like the democratic way of doing things to nominate a man who lives in Virginia and votes in Massachusetts to represent the Empire state in congress.

It was bad enough when Pierre Salinger took a powder on President Johnson and grabbed that senatorial nomination in California, but Salinger, at least was a native son of the sometime Golden State and had lived there most of his life before joining the Kennedy team. Hobby Kennedy would get lost crossing Broadway and 42nd street and dare not venture uptown without a brand new compass and a guide.

TRIBUTE TO KEATING—Kennedy's candidacy, of course, is not the main point, but the exhibit or perhaps as a harvest-time display, the fair has developed into far more and is equally attractive to both farm and city residents. Sonsonally, it's a sort of unofficial marker for the end of summer and the beginning of fall. Socially, the fair has no equal for attracting practically everyone in Magic Valley, regardless of specialized interests. Quite simply, the fair provides something of interest to everyone and this might be the secret of its tremendous drawing power and the high interest generated in the fair every year.

"Gone to the fair" will be a common note to find pinned on the doors of various firms the rest of this week as the magic of fair time interrupts normal activity. After all, the Twin Falls county fair isn't merely an event, it's part of life in the county. See you at the fair!

IRONIC RIOTING

Unless experienced agitators are responsible, the racial riots erupting in U.S. cities demonstrate the delicate balance of civil peace. In several cases, vicious rioting has resulted from what normally would be minor incidents that would pass without notice. In one case, rioting resulted from a dispute between a Negro woman and a liquor store proprietor over a bottle of gin; another came from a Negro man and woman getting into an argument on a busy thoroughfare and blocking traffic. Such incidents are scarcely what one would consider sufficient to result in full-blown racial rioting, under normal circumstances.

There's always the chance the minor incidents are well-planned by experienced agitators with others waiting on the sidelines to fan the spark into full violence. However, if such is the case, the plots have been concealed cleverly to date. In the absence of proof, it might be concluded rioting is spontaneous.

When a minor incident can flare into such violence, there's no doubt that peace in other metropolitan centers must hinge on a fine balance. If such is the case, then the nation can expect rioting and bloodshed momentarily in any community where there is a considerable racial problem.

In the case of the riots in Philadelphia, it's rather ironic to note that Philadelphia is known as the "City of Brotherly Love." If rioting and bloodshed can erupt there, what community is exempt?

BOTH WON'T WIN—It's not easy to predict the outcome of elections, even with the advantage of hedging and making full use of the "undecided" vote. The various national opinion polls that have fallen flat on their collective faces this year provide plenty of evidence of the traps in predicting the outcome of elections. Presumably, the polls based their predictions on scientific data analyzed by experts not influenced by bias or emotions.

Quite different are the predictions for Idaho's election results. In the same issue of the Times-News, Idaho was claimed by both the Republicans and Democrats.

John Groner, national GOP executive secretary who conducted a campaign workshop in Boise, flatly predicted the Goldwater-Miller ticket would carry Idaho. At the same time, Lloyd Walker, Idaho Democratic chairman, predicted from Atlantic City that the Johnson-Humphrey slate would come up with 55 per cent of the Idaho vote in November.

It takes no mental giant to conclude that both gentlemen can't be right. By the same token, it's obvious both are expressing wishes rather than coldly-calculated decisions based entirely on scientific data.

Mr. Groner says the Republicans have won—on paper. Now all they have to do is find enough votes to fill quotas for each precinct. On the other hand, Mr. Walker said the Republicans are fighting among themselves in Idaho while all is peace and light among the Democrats. But don't expect either of these men to take their predicted victories for granted. Both are going to be working like Trojan horses between now and Nov. 6. Regardless of what they say for public consumption, both realize that the election can be decided by how many doorbells are rung in the next few weeks.

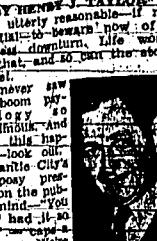

One prediction can be made now without fear of being wrong. It's just impossible for both Goldwater and Johnson to receive a majority of Idaho's votes Nov. 3.

UNTHINKABLE THOUGHTS THUNK—U. S. Sen. J. William Fulbright, chairman of the Senate Foreign Relations Committee, likes to think unthinkable thoughts. In a new book he's just put out, he suggests that the United States, along with the United Nations and other nations, should build and operate a sea-level canal across Central America.

He says that he is not advocating Soviet participation in a new canal project, but "rather I think it must be ruled out as unthinkable."

Apparently Fulbright has forgotten that the Soviet Union joined with the United States and other nations to establish and operate the United Nations; surely he has seen what the Soviets have done to keep the U. N. from operating. Canals are not run, that way!—Burlington (Vt.) Free Press.

"Don't Mind Fido!"

TAYLOR'S VIEWS ON
WORLD NEWS

By HENRY C. TAYLOR
It's utterly reasonable if not essential to beware now of a dollar-and-facilities-not-brains-or-character. More than 50 million school-age youngsters are now in the United States. But they are all moved now for self-discipline, diligence and dedication to achieve or deserve education, him a better life, the ultimate remaining determining.

Or we're told that the rubber dollar is eroding all the people's savings, pensions, insurance protection and fundamental security deserved by a lifetime of toil and that plans are afoot after the November election to further reduce the gold cover, to bind our money, now knocking toward the legal 25 per cent minimum? That would be a form of dollar devaluation? Is that correct that treasury secretary Douglas Dillon has buried from the American public but not from important New York financiers. But are these unrevealed plans to "cure" our gold outflow, to increase the American dollar's purchasing power must lead down hill at toboggan velocity.

Meanwhile, every propaganda pitch is employed to gain our foolish confidence while our savings melt like snow in the fire. Even at the present rate of decline our dollar would be worth less than 25 cents within 10 years.

This is the true payoff behind the "never-never" largesse and the blighting about social justice. For inflation is a fungus growth that spreads outward. It's the thrifty people who go bankrupt. Not a government. The government just prints more money.

And inside our government it's what is the status of governmental morality? Supreme court justice Louis Brandeis once said, "Our government is the potential omnipresent teacher." Few governments in the history of the United States have been as vulnerable on that score as today. Yet the political would no more conform to the "never-never" symbolized by Bobby Baker than shun the Eiffel tower.

Business reports show profits and expansion. The stock market stands near its all-time high. On the surface the picture is brilliantly encouraging. Actually, it is deeply misleading. And history shows one thing for sure: The best time to part company with the forecasting pack is when you're mostly alone in your studied thoughts.

Were in an economic con game and prudence has its place.

The Doctor Says

By WAYNE G.
BRANDSTAD, M. D.

Itching is a type of pain that afflicts everyone at a great deal of the time. It is said that Napoleon suffered so much that at a critical moment of one

The old pro in the White House moved hard and fast on Aug. 22 to protect Wagner himself in a doubtful article of assessment. Light such as politicians so often create to disguise their real feelings.

The consensus on Robert F. Kennedy is that he is a young man of ruthless determination and of infinitely aggressive ambition. He is accustomed by reason of money, family position and brains to having his own way. It is reasonable, at least to assume that Kennedy seeks to dominate, thus assuring his nomination.

The old pro in the White House moved hard and fast on Aug. 22 to protect Wagner himself in a doubtful article of assessment. Light such as politicians so often create to disguise their real feelings.

It is impossible to know the motives of man. But the fore-going is a reasonable interpretation. Good politicians as they are, Johnson and Mayor Wagner could not miss the implications of Robert Kennedy's grab for the New York Democratic senatorial nomination. To make New York his own useful political base, Kennedy would need to dispose of Wagner as New York's Democratic leader.

To obtain the Democratic nomination in 1972, Kennedy would need to impose his will on President Johnson. It is not unreasonable to believe

that the old pro in the White House moved hard and fast on Aug. 22 to protect Wagner himself in a doubtful article of assessment. Light such as politicians so often create to disguise their real feelings.

Obviously, this is not the best way to treat an itchy skin. Dr. Samuel Ayres, Jr., Los Angeles says that scratching is an art, and he recommends that everyone learn the proper technique.

Wagner probably will continue to wear the crown and robes of state Democratic leader. But he will be the man to see. He will also be the man whose job it will be to keep Robert F. Kennedy a member of the Senate.

News Around Idaho

BOISE, Sept. 2 (UPI)—Idaho Power company has announced the promotion of Robert F. Ball to executive vice president and J. V. Emery to vice president and general manager. President T. E. Nash and yesterday the press release said "designed to align the company's executive organization for the tremendous growth potential that lies ahead for Idaho Power and its service area." Nash, who joined Idaho Power early in 1949, was elected vice president in 1959. He never held a newly-created post. Emery was formerly vice president and assistant general manager. Ball has been with the company nearly 40 years. Both men are also on Idaho Power's board of directors.

POCATELLO, Sept. 2 (UPI)—Encouraged by a pledge of \$100,000 from members of two Catholic parishes, the drive for funds to rebuild St. Anthony Mercy hospital here was acclaimed a success last night. The total of cash and pledges received in the two-month drive was \$403,701. Chairman Grant Bickmore announced at a "victory party" that the goal was \$225,000, which was to be added to \$100,000 to be obtained by mortgaging the hospital property. Then matching funds of \$225,000 in H-11-Burton federal funds were to be sought, for a total of \$1,550,000 to build the new hospital. The 45-year-old structure is operating under a provisional certificate granted by the board of health.

IDAHO FALLS, Sept. 2 (UPI)—Candidates seeking election to the Idaho legislature have been invited to a seminar in Idaho Falls Sept. 11. Democratic Sen. Jack A. Wood, Jr., and Republican Rep. L. Devon Sanderson, both state legislators, said yesterday they are sponsoring the seminar to inform the candidates of the serious problems faced by many school districts in Idaho. Wood said invitations will be mailed to more than 200 candidates, and he said he expects about 100 of them to attend.

IDAHO FALLS, Sept. 2 (UPI)—The second honeymoon of a Salem, Ore., couple was interrupted yesterday by an auto accident that killed their pet dog. Mrs. Theodore F. Smalley, 10, was hospitalized. Her husband, 22, just discharged from the navy, was treated for injuries and released. They were on their way to Salem. She told state police that she turned to tend to the dog and when she turned back the car was leaving the highway. It overturned 14 miles east of Boise on Interstate 80 north and rolled over twice, throwing her out.

BOISE, Sept. 2 (UPI)—Federal authorities have charged Curtis D. Neyman with illegally taking mourning doves out of season on the Fort Hall Indian reservation. The complaint against Neyman who fled in U. S. district court yesterday. The violation is considered a criminal offense.

IDAHO CITY, Sept. 2 (UPI)—Probate Judge W. W. White has ordered a 30-day jail sentence for a 17-year-old Boise boy accused of robbing a bank and robbing a car. The boy, identified as Donald Lee Schopfeller, 16, was the co-conspirator under the supervision of Sheriff Jack Williams and repay him \$200 value. Williams said Schopfeller shot the cow Aug. 8 while he and other youths waited for their overhauled car to cool on the Horsethief Bend summit of highway 18.

BOISE, Sept. 2 (UPI)—Meridian Knudsen company of Boise was the only bidder yesterday on construction of a one-way couple through the city designed to handle a growing volume of traffic on U. S. highway 30-26-20. The bid was \$980,000. It is to build 1.2 miles of road, with illumination and signalization, from Capitol boulevard to 27th street by way of Grove and Main streets. Also included is construction of a temporary 28-foot concrete bridge across a gash west of the new Boise river bridge under construction as part of the couple. The bridge will be used as a service route when the main bridge is completed.

MOSCOW, Sept. 2 (UPI)—A series of civil defense courses and conferences taught through the University of Idaho civil defense program will begin Tuesday. The first class will be a shelter managers course for persons who will later be teachers of shelter managers. Warren W. Hanson, coordinator for the civil defense program at the university, said classes will be conducted in the evening hours. He also said 23 civil defense conferences for local leaders and interested citizens have been scheduled throughout the state. Present plans call for the first one to be held in Wallace Sept. 15.

BOISE, Sept. 2 (UPI)—Fifth district court considered yesterday a request that a grand jury murder indictment against six men charged with kidnapping and killing 16-year-old Donald DeGraw, Jr., in June, which returned the indictment was originally found. H. A. McAvitt, said the grand jury was a select group especially chosen instead of being drawn at random. The defendants, Eugene Kennedy, 44; Harvey W. Fulver, 22; Edward A. King, 24, are being held without bond. The two women are represented by Ben Peterson. All six were captured in the hills near Hells Hot Springs in southeastern Idaho after a widespread manhunt.

BOISE, Sept. 2 (UPI)—The number of visitors to Yellowstone park, considered a good barometer for Idaho, is running 75,000 ahead of a year ago. Louise Shadduck, head of the department of commerce and development, said the figure is up five per cent over a year ago and 12,000 ahead of the record year, 1962.

BOISE, Sept. 2 (UPI)—The department of commerce and development—tasked a request yesterday for managers of ski areas in Idaho to provide up-to-date information on their facilities. Louise Shadduck, head of the department, said the information is needed for a new folder that is being prepared to meet the demand for information on Idaho ski areas. She noted that Argosy, one of the nation's largest selling publications for men, and Glamour, a national magazine appealing to young women, have asked the department for information to be used in articles on Idaho skiing that will appear in fall and winter issues. Miss Shadduck also noted yesterday that 30 Idaho events will be spotlighted in the national listing of events in the September issue of *Amusement Business*, whose business internationally circulated trade magazine.

The first fire was started near the mouth of Owyhee gulch Aug. 26 and burned over 3,000 acres. Two days later the second fire was started in Voreberg gulch west of Hailey and burned some 300 acres.

It was pointed out that any fire found in the Owyhee gulch area, or in Bear or Voreberg gulches, Jams can be fined \$5,000 and given a five-year jail sentence or both.

The WPA will recommend the maximum fine and jail sentence for anyone found guilty of this offense.

BOISE, Sept. 2 (UPI)—Boise Cascade corporation has announced its entry into new packaging field with the purchase of Thermoplastic Industries, Inc., a division of Thermoplastic products, plastic film products, machinery and instrumentation used in complex packaging. Don J. Birk, director of development for Boise Cascade, said yesterday terms of the purchase would not be disclosed. The plastic film production of packaging will be in addition to Boise Cascade's 17 corrugated shipping container plants and multiwall paper bag operations and a folding carton plant. Cascade also produces lumber, plywood and paper and distributes building materials.

BOISE, Sept. 2 (UPI)—John C. McMurray, state Republican committee chairman, has announced the appointments to an arrangements committee which will prepare for Sen. Harry Goldwater's visit to Idaho Sept. 16. Gov. Robert E. Smylie and Sen. Len T. Stoen, will serve as honorary co-chairmen of the committee. The seven past GOP state chairmen named to the committee include Mitt Heyman and Bill Campbell, both Boise; Judge Jim Goosett, Gooding; Wally C. Burns and Ray Robbins, both Idaho Falls; and Tom Heath, Jerome, and Tom Smith, Rexburg. Also named to prepare for the Goldwater machine's visit are ex-Gov. C. A. Rohlin, ex-Lt. Gov. Edson, Peoa and Barkley Larson, Atch, Gen. Allan G. Shepard, Mine Inspector O. T. Hansen, Davis Little, Emmett, and James McClary, Boise.

House Thief
STAFFORD, England, Sept. 2 (UPI)—Arthur Little, 19, was fined \$14 yesterday for stealing a house. Littlelals said he took the empty prefabricated house apart and carried it away on a truck to build a pigsty.

GRANGE NO. 511

Results of Autopsy in Slaying Noted

COEUR D'ALENE, Sept. 2 (UPI)—An autopsy report released yesterday showed that Susan Blewett, 17, of Coeur d'Alene, died from blows to the head inflicted by a blunt instrument.

The girl's body was found floating nude in Coeur d'Alene lake just a few blocks from the business district of this north Idaho town.

The autopsy, released by Police Chief George Lenn, showed the girl was five months pregnant when she was slain.

Death was apparently caused by a rock the size of a grapefruit. Her slayer apparently threw the body in the shallows of the lake at the base of a hill after dragging the body down a rocky trail.

Police report said the test indicated the girl had not been sexually molested.

Goldwater Raps Johnson

On Viet Nam

PHOENIX, Ariz., Sept. 2 (UPI)—Republican presidential candidate Barry Goldwater last night sharply criticized President Johnson on Viet Nam and in domestic affairs, saying it was time for the Republicans to "pore along and pull the country out" of problems created by the Democrats.

"I don't declare the Democratic party a party of war, but by coincidence it's a party of war, but

the Republicans are doing along and pull the country out," Goldwater told an enthusiastic crowd of 1,000 persons at Sky Harbor airport last night. "And that's what we want to do now."

En route to Washington to speak on a Senate slowdown against President Johnson's medicare program, Goldwater's brief stop here was intended only to formally accept delivery of a Boeing 727 campaign plane. But he took advantage 48 hours in advance of his first official campaign address—the opportunity to take on President Johnson on Viet Nam, the Bobby Baker case and Billy Sol Estes, among others.

President Johnson is worried about Viet Nam and would like to sweep it under the rug, the senator said in the presence of his 90-year-old mother, Mrs. Vail Fannin and other dignitaries. "But he can't because Bobby Baker and the hi fi set are already there."

Goldwater said he intended to raise the administration's foreign policy, the Billy Sol Estes scandal, and the Bobby Baker case as issues in the campaign.

"Do you want the continuation of this administration? Do you want to be only member tucked away in a government office? Do you want a constitutional government or a constitutional republic as envisioned by our forefathers?"

Goldwater made his decision to go East to vote on medicare earlier in Los Angeles, where he spent the day filming spot television segments for use later in the campaign.

STEEL PRODUCTION UP NEW YORK, Sept. 2 (UPI)—Steel production rose last week for the fourth week in a row following the usual summer dip. Output was up 1 per cent from the previous week to 3,416,000 tons.

FIELD DAY RESCUERS is Jerome Bettencourt, 3, after being pulled from the 24-foot depth of a 12-inch-wide well in a vacant lot Tuesday night. The child, with a nylon cord around one wrist and a rope around the other, was pulled to safety after three hours in the tile-lined hole. Attempts were being made to drill another hole alongside when he was rescued. (AP Wirephoto)

Asthmatic Boy Is Rescued From Abandoned Dry Well

PREMONT, Calif., Sept. 2 (UPI)—A 3-year-old asthmatic boy who fell 25 feet down an abandoned dry well was rescued yesterday "scratched up and a little wild-eyed" but otherwise unharmed after three hours.

A crowd of more than 100 gathered as Fremont policeman Duwayne Watson, 28, pulled Jerry Bettencourt from the foot-wide, 20-foot-deep well with two ropes.

The boy had been breathing with the aid of an oxygen tube lowered to the bit of rock where he was wedged. He was taken to Washington Township Hospital.

Three-year-old Kathy Fleischman fell into a 25-foot well in 1949 in San Marino, Calif. Rescued after 24-hour observation, she was in fair condition.

"He'd begin to cry a little when we'd stop pulling him and I'd talk to him," said Watson. "I got a nylon cord to him and jerked on it until I had it around his wrist."

With the young victim's help, a second rope was secured to his other wrist and Jerry was eased to the surface.

Jerry, son of Mr. and Mrs. Gary George Bettencourt, turned into the well about a half-block from his home after he and two playmates removed a cement-filled bucket that covered the opening.

The other boy ran to tell Mrs. Bettencourt, 24, who said, "My heart just broke."

"I ran to the well and said, 'Jerry, are you down there? Then I ran to call my husband.'

"I stayed for the first half hour while they tried to get him

Miss Karel,
Loewenberg Say
Nuptial Promise

BUHL, Sept. 2 — The Buhl church was the setting for the Aug. 22 nuptial mass for which united in marriage Constance Karel, daughter of Mr. and Mrs. Frank Karel, Buhl, and Leonard Loewenberg, San Francisco, son of Mr. and Mrs. Theodore Kelly, Guerneville, Calif.

The morning rites were solemnized by the Rev. Jerome T. O'Connor. Arrangements of dozen pink garden roses formed the background decorations for the double ring ceremony. Douglas Karel and Gerald Karel, brothers of the bride, served the mass of the bride, served the mass.

The bride, given in marriage by her father, sported v-neck in a slim regal gown—fashioned of white satin with a scooped neckline clipped to V in back where it was caught with a soft bow and released a cascade of satin streamers. The floor-length satin skirt was accented with soft pleats and ruffles started at the sides and ended at the back waistline. Dolman sleeves enhanced the bodice; a brooch embellished with seed pearls released her shoulder-length veil of sheer illusion. Her only jewelry was a cultured pearl necklace, a gift from the bridegroom. The bride carried a crescent bouquet of baby pink roses, adorned with tulle and flowing streamers.

For tokens of sentiment, the bride carried her mother's first communion prayer book and pearl-beaded rosary, which she had received from her sister, Mrs. Thomas Cahill.

Mrs. Cahill, Talmage, Calif., was matron of honor. She wore a pale pink street-length gown of pink de-soto designed with

MR. AND MRS. LEONARD LOEWENBERG
(Shig Morita photo)

scooped neckline, wrist-length sleeves and softly pleated skirt.

Bridegroom, Mary Karel, was attired in a French pink pique de sole street-length gown designed with a scooped neckline, three-quarter-length jewel sleeves and softly pleated skirt. Tammie Karel, bridesmaid, wore a sleeveless fitted street-length gown of peau de soie, fashioned with a pink bodice and a harmonizing dark-pink softly pleated skirt. Both are sisters of the bride.

Cultured pearl necklaces, gifts from the bride, complemented their attire. Each carried a single-full bloom pale pink rose against an array of net with short French pink satin-streamers.

Lairy Kelly, Guerneville, Calif., mother of the bridegroom, was joined by her son, Francis Karel, Twin Falls, brother of the bride, and Herman Polling, The Dalles, Ore., uncle of the bride, served as ushers.

Traditional wedding music was played by Mrs. Matilda Leahy, organist. She also accompanied Mrs. Robert Blawcock, Jr., Filer, and Noel Brittain, Twin Falls, soloists.

The bride's mother selected a beige lace over crystaline sheath dress with a matching bolero jacket and French pink accessories. The bridegroom's mother chose a turquoise and blue brocade dinner dress with matching accessories. Each wore a cinnamon orchid corsage complemented her attire.

The bride is a graduate of the Buhl high school and Beaute Arts academy, Twin Falls. She is employed at Andy's Beauty studio, San Francisco.

The bridegroom was graduated from Serra Catholic high school for boys, and attended Santa Rosa Junior college, Santa Rosa, Calif. He is a member of the marine corps reserves and is employed with Southern Pacific, San Francisco. The couple resides at 260 West Portal, No. 4, San Francisco.

Out-of-town guests attended from Twin Falls, Jerome, Idaho Falls, Filer, Las Vegas, Nevada, The Dalles, Ore., and Santa Rosa and Guerneville, Calif.

Pre-nuptial miscellaneous showers honoring the bride included a shower in San Francisco hosted by her roommates, Rena Nelson, Mickle Stanton, Carol Eschliman and Karen Eschliman; a shower at the home of Mrs. Henry Engleton, Buhl, co-hosted by Mrs. Freda Korte and Mrs. Louise Engleton; and a shower at the home of Mrs. Harriet Drennan and Mrs. John Conover. A rehearsal dinner for the wedding party was held at the Joseph Pott residence.

Following the ceremony, the newlyweds, guests, grooms, arid bridegroom reception held at the country home of the bride's parents. The bride's table featured an ornate lace tablecloth, underscored with pink and centered with a square four-tiered wedding cake. Tall white columned separated each tier. Highlights of the cake decorations were

elegant filigree scroll work, flower-de-lis, heart-shaped lattice work and butterflies detailed with accents of French pink and pink doves bearing wedding bands.

The cake was topped with a satin staircase bearing a miniature bride and bridegroom against a symbolic sacred archway outlined with seed pearl trim. Mistletoe leaves and white gladiolus blossoms surrounded the base of the cake. Crystal and silver appointments completed the table decorations.

Mrs. Frank Karel, Twin Falls, and Judy Schurman, Idaho Falls, cut and served the wedding cake. Mrs. Darrell Sanders, Ida Falls, presided at the coffee service, and Nancy Tverdy, Las Vegas, poured punch.

Shirill Vaughn, Santa Rosa, Calif., and Marlene Jarolimek, Buhl, were in charge of the gift table. Mary McNeely registered guests.

Kitchen reception assistants were Mrs. Henry Engleton, Mrs. Lorraine Tverdy, Mrs. Ted Kokes, Mrs. Wilson Miller and Kathy Erb.

Idaho State Has 43-Man Turnout At First Workout

POCATELLO, Sept. 2 (AP) — Forty-three players turned out for Idaho State university's first day of football drills Tuesday, and cool, rainy weather prompted coach Babo Caccia to observe, "We'll have to work in shape." Caccia, beginning his 13th year at the Bengal helm, was unhappy about the condition of many of his players before workouts started. He said several players he participated reported overweights.

It remained optimistic, however, that the season should be a good one for the defending Big Sky conference champions. "I have the best material I've had since coming to Idaho State," he said. "Barring injuries, we should have a good season."

The Bengals are working out twice daily, and spending extra time in chalk talks which detail the fine points of the formation, installed last year by Caccia and aides Leo McMillip and Dean Thomas.

Practices commence at 4 p.m. on Saturday, from 6 to 8 p.m. on Sunday.

In Tuesday's first workout senior halfback Dennis Shockey, Eden, won the traditional four-man competition. The other men were sophomore tackle Bob Satterwhite, Twin Falls, and senior end Rod Johnhant, Hazelton.

The team has 10 lettermen at every position except fullback, where veteran Mike Kame left a vacancy when he was hurt in an auto accident.

In drizzling offensive drills carried on in steady rain Tuesday, running back Jim Perry, from San Jose, Calif., and Bruce Malone, from New York's Westchester County, collected good in the line, Caccia said.

The first game will be Sept. 19 against Omaha university here.

Idaho Counts 57 Players For Squad

MOSCOW, Sept. 2 (AP) — Football coach Dee Andros opened the first season at the University of Idaho Tuesday with 57 players on hand, including 22 lettermen.

"I was well pleased with the first day's work," he said. "There was some real good hitting for the first time out."

The Vandals went through two workouts in the first one-hour meeting of the season.

Except on the days Andros agreed to take him riding, then 6 a.m. was too late, if anything, to satisfy the "Mick."

With some of his relations in Japan, and Takahashi, he said, it would be easy to buy a horse at home, pasture it with the kinko and ride it as often as he liked. He decided to pick up the "Mick."

Ted Matsuda, who not only was landlord but also ex-officer father to the boys, counseled Mickey against buying a saddle, noting it was expensive and a boy should learn to save his money.

So the last thing Takahashi said to us was "don't tell Ted" about the saddle.

We won't if you promise not to.

Orasalina Parra, the Venezuelan-pitcher, was the player held incommunicado throughout the season. He understood about two words in English. And he didn't pick up much while here. But Parra got along well until the last time home when he had a complete communication breakdown.

Traking his pay check, Parra headed for the bus depot to get it cashed. There was a most understandable mix-up with the result that, with cash, Parra also got a one-way ticket to Jackpot, Nev.

Jack Personius, owner of Wells Stages and also carrier for the Cowboys, luckily had the run that day and knew Parra. When he spotted Parra getting off the bus at Jackpot a Spanish speaking interpreter was found and quickly got the straight of it.

Parra was quite unhappy to say the least as he was to pitch that night.

All Personius, who threw a big feed for the club, made a well gesture, could do was tell Parra he would be back through at 8 p.m. and have him at the ball park by 6.

Before then Parra got a ride back.

It seemed logical that Parra should end the season like that, however, that is how it started. With nothing more than a ticket and note that said "Twin Falls, Idaho" on his lapel he was sent home last spring.

A strong wind kept the plane from landing here so Parra was returned to Salt Lake City for the night. All alone he had to spend the night there with no idea of what was happening. It wasn't until he safely arrived here and got the story through Rafael Garel that he knew what he had gone through.

Maple Leaf Head Rejects Stadium

VANCOUVER, B.C., Sept. 2 (AP) — Stafford Smythe, president of the Toronto Maple Leafs, has rejected the offer of a free 125-year lease on two downtown city blocks that would build an \$8 million indoor sports arena.

Mayor William H. Parker, in announcing the turn-down Monday, said Smythe wanted a 50-year lease of the land, valued by the city council at \$2 million dollars. Smythe said he would submit his offer to the council Tuesday.

Nichols to Pass Dallas Golf Open

DALLAS, Sept. 2 (AP) — The Dallas open will be played beginning Friday without the services of PGA champion Bobby Nichols. Nichols has taken off for a round of exhibition.

Sounding Hopeful Notes

Giants Have Tittle and Wood, Still Plagued by Uncertainty

FAIRFIELD, Conn., Sept. 2 (AP) — The injury that knocked Y. A. Tittle out of last Saturday's exhibition game apparently isn't serious. Ivy-leaguer Gary Wood has been getting like an acceptable second-string pro quarterback. Dick James has been running well. Those are plus marks in coach Allie Sherman's book on the 1964 Giants. Among the minuses are a string of pre-season injuries that

have created uncertainties,

the need to depend on rookies at some key spots and a defense that hasn't been fully reconstructed after Sam Huff and Dick Modzelewski were traded.

Sherman claims the Giants are better than the team that won its third straight Eastern division title in the National football league last year. Some others figure the Giants could be in deep trouble if one of those uncertain spots should turn into a real weakness.

"We are improved," says Sherman. "We have strengthened our depth and we have added speed to the backfield."

A healthy Tittle admittedly is the key to the Giants' offense this year and there was some concern when he limped off the field at Princeton Saturday. But his absence gave Wood a chance to display poise and passing ability to show he had been learning his job fast.

Later a Giant spokesman remarked: "If you saw Tittle run down the main street in Princeton, you'd know he was all right." Tittle did his best to prove he was, even though his knee was aching, and his right foot was wrong with his knee. It seems someone blew a signal and yet almost missed his ride home.

Mickey Walker, one of four offensive guards, broke his right elbow last week and when a cut-down date was reached Tuesday, he was still making mistakes but had been able to hold Constellation even under such conditions.

But with the old mainstay up again more than held her own and outdistanced Constellation on three of the four legs of the course.

Con got the best of the start in a faint northeast breeze and four minutes later was the first to benefit from a 30-degree wind shift toward the east.

RETURNS TO DUTY — Paul Minneapoli — ST. Paul Sept. 2 (M) — Chuck Estrada, a top Baltimore pitching prospect a few years back who has been a sorearm cruse in recent seasons, was put back on the roster of the American league-leading Orioles Tuesday.

Top Championship Flight Seen for Magic Valley Amateur This Week-End

A rugged championship flight, boasting some of the top players in Utah and Idaho, will lead a field of about 180 golfers into the annual Magic Valley Amateur golf tournament this week-end. The tournament, which is based on 54 holes of medal play, will run Saturday through Monday and is jointly sponsored by the Twin Falls Elks, men's golf association and professional Clyde Thomson. A 10-man elimination derby.

Boosters Meet
Regular weekly meeting of the Twin Falls Bruin Boosters will be held at 7 a.m. Thursday in the Rogerson coffee shop. Coach Paul Ostyn will outline the Twin Falls-Bull game days Saturday night. All interested persons may attend.

Boosters to Charter Bus To Las Vegas

Twin Falls football fans interested in seeing the Bruins and Bears meet Las Vegas clubs next week-end are invited to the Twin Falls Boosters to Las Vegas by chartered bus. Frank Flint and 40 are needed before the charter can be completed.

In giving the itinerary, Flint said the bus will leave Twin Falls at 6 a.m. Friday (Sept. 11) arriving in Las Vegas in time for the Bear-Bear game. The contingent will stay at the Dunes hotel Friday night and attend the Western high-Twin Falls game Saturday. The bus will return to Twin Falls Sunday evening.

Persons interested in more details should contact Flint. Paul Bell, Ben Mottor or Ace Johnson. Flint noted the decision on the charter must be reached this week and a deadline of noon Friday has been established.

Killebrew's Homers Sink Orioles 2-1

MINNEAPOLIS, Sept. 2 (UPI) — Al Worthington's clutch roller pitching and two homers by Harmon Killebrew lifted the Minnesota Twins to a 2-1 victory over the American league-leading Baltimore Orioles Tuesday night.

Killebrew's solo homers, his 43rd and 44th of the season, rebounded a 1-0 Orioles lead built in the first inning on an error, a wild pitch and Brooks Robinson's double.

That was the only hit. Twins starter Jim Kaat gave up until the eighth when a wild hit by John Orlino and Bob Johnson came through with one out. Orlino singled and moved to third on Johnson's double.

With the count two balls, no strikes on Jackie Brandt, Worthington came on. He got Brandt to pop in front of the plate.

Uecker's Hit Lets Cards Edge Braves

ST. LOUIS, Sept. 2 (UPI) — Bob Uecker, a former Milwaukee catcher, singled home the veteran, one of the most popular of all modern White Sox players.

Uecker, who had hit his first

homerun of the season earlier,

singled off left-hander Danny

Lemaster following a double by Julian Javier and an intentional

walk to Carl Warwick.

Uecker, who was quality

for the U.S. amateur golf champion

ship when Jack Nicklaus was still in knee pants, did it for the 21st time Tuesday leading the second group of qualifiers for the 64th championship.

Bill Campbell, former Walker captain from Huntington, W. Va., shot a 73-70-142 over the Quayle Country Club course in Huntington, clinching the berth.

Campbell, 140 other golfers including defending champion Deane Beman, the only one exempted from qualifying in the championship, scheduled for Sept. 14-16 at Cleveland.

SIDELINED

PHILADELPHIA, Sept. 9 (UPI) — Utility infielder Bobby Wine of the Philadelphia Phillies has been sidelined indefinitely with a back injury.

Japanese Hurler Has Major League Debut

NEW YORK, Sept. 2 (UPI) — Masonori Murakami—the first Japanese national to play for a major league team—hurled up one scoreless inning in relief Tuesday night for the San Francisco Giants against the New York Mets, but he impressed his manager even more off the mound. Alvin Dark said the 20-year-old left-hander showed him a lot of poise in his off-field conduct.

"He can pitch as well as he has handled himself up to now," said Dark. "He ought to be around for a long time."

"The youngster is one of the most considerate and well-mannered rookies I've ever seen."

"Because of the novelty, he's been receiving a great deal of attention since he joined the club last night."

"Reporters want to interview him for pictures. And he's always obliging. He's been at the world's fair this afternoon, a pinotrapher invited him to pose in front of nearly every exhibition."

"Murakami didn't mind it but after a while he approached me with a worried look."

"I don't want to keep back other players," he said in faltering English. "I'm sorry to be forced to keep them waiting."

The youngster was obviously nervous almost to the point of being frightened as he got his first look at Shea stadium with all the lights, people and reporters.

With the assistance of an interpreter, he answered questions patiently and politely.

Through it all, he kept asking his interpreter whether he was being interviewed.

Dark said Murakami didn't object to his not participating in pre-game practice.

"Yes, I am a little nervous but I think I will like it here. I hope I will please Mr. Manager."

"No, I am not satisfied. I come from a family of seven. There is my grandmother, my parents and my three sisters."

I have not told them yet. I wrote to them two days before I learned of my promotion. I will write to them tomorrow. I am sure they will be very happy."

Murakami has had more difficulty on baseball fields than he has on baseball fields. As a pitcher he posted an 11-7 record at Fresno with a spectacular 1.78 earned run average, all in relief.

At the dining table his record is not so good. He eats two meals a day, breakfast and dinner. For breakfast it's ham and eggs; for dinner it's steak. The explanation is quite simple. Those are the only words he knows on the menu.

Mashi is unusually large for a Japanese, weighing 180 pounds and standing an even six feet.

When this was pointed out to him he said, "I am not big."

"Not so big," he said, and pointed to a player nearby. "He big."

"He was 6-foot 5 inch, 240-pound Willie McCovey, the Giants' giant outfielder."

AGREES TO BOX

LONDON, Sept. 2 (UPI) — Howard Whitstone, British and European featherweight boxing champion, agreed Tuesday to meet world champion Sugar Ramos in London Nov. 24. Ramos agreed to terms last month.

Allen Homers Phillies Over Houston 4-3

PHILADELPHIA, Sept. 2 (UPI) — Richie Allen, inside-the-park Homer in the eighth inning, followed by Philadelphia's three-homer salvo in the seventh, pulled the National League leading Phillies to a 4-3 victory over Houston Tuesday night.

Johnny Callison led off the seventh by socking a one-strike pitch over the right field wall for his 24th Homer. Wes Covington followed the next pitch to the same sector for his 13th home run. After Clay Dalrymple and Frank Thomas hammered the eighth Homer onto the left field roof.

Ute Coach Notes

Lack of Depth

BALTIMORE CITY, Sept. 2 (UPI) — Utah began football practice Tuesday with Jack, or depth coach Ray Nagel's biggest worry.

"Our team looks good and everyone reported in good shape," Nagel said. "Returning players, including quarterback Ernest (Pokey) Allen and end Ray Jefferson, two of the Utes' brightest hopes this season.

"The trouble is, behind Jefferson and Bob Buckman, there's not much at end," Nagel said.

Nagel also said the Utes again this year will not be particularly big team. "But we should have good quickness which I hope will make up for lack of size," he added.

COP Aspirant Hits Harding

Farm Stand

SHOSHONE, Sept. 2—George Hansen, Republican candidate for representative from Idaho's second district, spoke at a noon luncheon meeting Monday at the Manhattan cafe.

He also spoke Monday during meetings in Gooding and Jerome.

Hansen said "Ranchers of Idaho are being dealt a shameful sham by the current tariff revision bill on meat imports. After allowing a several hundred percent increase in beef imports the past few years, the rancher is now being presented a 10 percent cut in imports, which actually does not give any relief to the current situation."

"This appears," Hansen said, "to be nothing more than an election year smoke screen and an obvious move to buy favor without correcting any part of the problem."

"The present congressman," he said, "has continually emphasized on the house agricultural committee, if the position is strong, then the man must be wrong who occupies it, for the farm problem continues to worsen."

After Hansen's speech, his campaign manager, Richard Hendricks, Preston, talked on organizing and conducting the campaign effort in Lincoln county.

Hansen also gave encouragement to Lincoln County Ben Jack M. Murphy on the possibility of using a designated area of Idaho's lava flows for training astronauts in the moon exploration program.

YOUR BIRTHDAY and HOROSCOPE

Wednesday, Sept. 2—Born today, you have been gifted with a bright, happy nature and a keen sense of humor. You can always see a ray of sun darting through the darkest day or a laugh hiding somewhere behind the flow of tears. Nothing stays wrong for long when you're around—even the worst things become explainable and sometimes even justifiable when you set to work to analyze them.

This is a wonderful time you have. You dominate the world and like gold, even at times when there's not an ounce of the "real thing" to be discovered. The trouble is that you are quite likely to stop trying to improve matters, being able to convince yourself that "all is well" even when it isn't. Avoid carrying your optimism this far, otherwise, you could stand in the way of your own success.

You have a great ability for making money—you also have a flair for spending it. Should you enter business, you would be most wise to have a partner who handles the money. Otherwise you might find yourself profitless, you haven't yet made.

Among those born on this date are: Eugene Field, famed children's poet; Cleveland Amory, columnist, editor, author; Henry J. Taylor, American diplomat.

To find what is in store for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday star be your daily guide.

—ARIES (March 21-April 20)—

If you are astute enough, you can close a deal now which you thought forever beyond your reach. Another's error leads the way.

—TAURUS (April 21-May 20)—

Efficient service undertaken on your own initiative: That is what will make Taurus' success today.

—GEMINI (May 22-June 21)—

The Gemini with a nose for bargains should be most satisfied with today's results. Real estate deals will be fine indeed.

—CANCER (June 22-July 22)—

Take advantage of an opportunity to promote your own interests. Be sure, however, to let romance take a back seat to business.

—LION (July 23-Aug. 22)—

Be considerate and diplomatic in making business arrangements that involve the elderly. Avoid hurt feelings wherever possible.

—LIBRA (Sept. 23-Oct. 22)—

An optimistic attitude now will work wonders when it comes to the development of plans in which you

Poetic

KELOWNA, B.C., Sept. 2—(UPI)—A man who calls himself the "poetic carpenter" has found a unique way of protecting highway billboards.

He cut them down and made them into a new fence for the Canadian National Railways to explain his work.

"I think that I shall never see a billboard lovely as a tree."

Perhaps, unless all billboards fall.

"I'll never see a tree at all."

Since the "carpenter" first struck July 22, five billboards, valued at up to \$500 each, have been found with poem attached, lying along a scenic highway. They had been sawed from their wooden supports.

He also spoke Monday during meetings in Gooding and Jerome.

Hansen said "Ranchers of Idaho are being dealt a shameful sham by the current tariff revision bill on meat imports. After allowing a several hundred percent increase in beef imports the past few years, the rancher is now being presented a 10 percent cut in imports, which actually does not give any relief to the current situation."

"This appears," Hansen said, "to be nothing more than an election year smoke screen and an obvious move to buy favor without correcting any part of the problem."

"The present congressman," he said, "has continually emphasized on the house agricultural committee, if the position is strong, then the man must be wrong who occupies it, for the farm problem continues to worsen."

After Hansen's speech, his campaign manager, Richard Hendricks, Preston, talked on organizing and conducting the campaign effort in Lincoln county.

Hansen also gave encouragement to Lincoln County Ben Jack M. Murphy on the possibility of using a designated area of Idaho's lava flows for training astronauts in the moon exploration program.

FACTORY ORDERS RISE

WASHINGTON, Sept. 2—(UPI)—

Factory orders rose 1.4 percent

in July from June, government

reports disclose, to a record seasonally adjusted \$32.3 billion dollars.

The previous record was in

April this year. Factory ship-

ments rose three per cent in

July over June.

MARKETS AND FINANCE

Stocks

NEW YORK, Sept. 2 (UPI)—Profits taking cut early gains and the stock market revealed a mixed pattern at the close today.

Gains by motors were canceled and most of the leaders in the group were unchanged.

Major steels showed small losses in place of gains made in the morning.

Volume for the day was estimated at 4.9 million shares compared with 4.6 million yesterday.

General Motors, Ford and Chrysler were fractional gainers, GM and Chrysler touching historic highs.

Stocks, chemicals, cigarettes and nonferrous metals were mixed. Aerospace issues, farm implements, electrical equipment, airlines and building materials rose on balance.

While most key stocks posted fractional gains, wide moves were made by a variety of selected issues.

More than a point were Chicago and North Western, Copperfield Steel and Diamond.

Gains of around 2 or 3 per cent were made by Philip Carey and Xerox. Polaroid rose more than 4.

Up about a point were TWA, Nickel Plate, LBBM and U.S. Smelting.

Pure Oil was heavily traded up more than 2. Dow Jones Industrial was an active 1-point gainer.

Prices were mixed in quiet trading on the American Stock Exchange. Bond prices were mixed.

Stray Bullet Kills Woman In Holdup

CHICAGO, Sept. 2 (UPI)—A young mother was killed yesterday by a stray bullet fired during the holdup of an armored truck a block away.

Mrs. Geraldine Behar, 25, was placing her 13-month-old baby on the seat of her car when she was struck by a .38-caliber bullet. The shot was one of several fired in the clash between two holdup men and a guard and driver of the armored car.

Paul Gallagher, 36, the guard said, the truck, owned by Armor'd Express, Inc., was prepared to make delivery at a currency exchange known as the "Money Corner."

He told police two bandits approached with guns and one of them grabbed a canvas bag containing about \$5,000. The other

guard seized Gallagher, who the guard managed to free himself and shots were exchanged while the bandits raced toward a car. Gallagher had his first

shots from his revolver. The car was found abandoned in an empty lot a short distance from the site of the shooting.

The car belonged in the holdup, which was found abandoned in an empty lot a short distance from the site of the shooting.
